Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at all druggists.

Industry never waits for opportunity, and he who lives on hope and waits for opportunity to come unaided, is likely to die a pauper.

Hot Weather Weakness.

If you feel lagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Fitzgerald, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at all druggists.
